#### IRONSTONE RESERVE CHARDONNAY

SIERRA FOOTHILLS, CALIFORNIA, USA

POINTS

tästingpanel

"The grapes for this wine are grown in red, iron-rich soils of schist, granite, and limestone at 2,400 feet barrels here as "integration versus overpower," and we can taste the subtlety imparted by 12 months of aging in French oak. Aged sur lie, the wine possesses a creamy, leesy mouthfeel up front; backof-the-palate minerality is striking in comparison, along with a flow of pears drizzled with cinnamon

APRIL, 2025

above sea level. Joan Kautz describes the use of used honey and a squeeze of lemon."
